PUMP EFFICIENCY

Save drops and dollars

Request your free eBook now and learn how to control irrigation and energy costs.

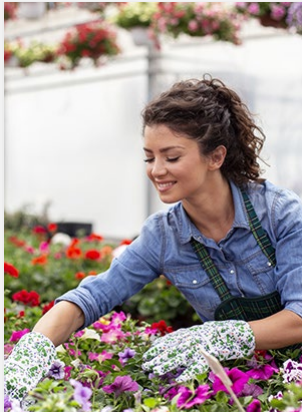

[Submit your request »](#)

Support grid reliability and earn incentives

Better manage your electricity usage and unlock new revenue streams with demand management strategies.

[Hear from PG&E experts »](#)

ON-DEMAND TRAINING

Reminder: Electric rate plans

Agricultural rate plans feature a June through September summer season. Peak hours are 5-8 p.m. daily. Shift energy use to off-peak hours to save.

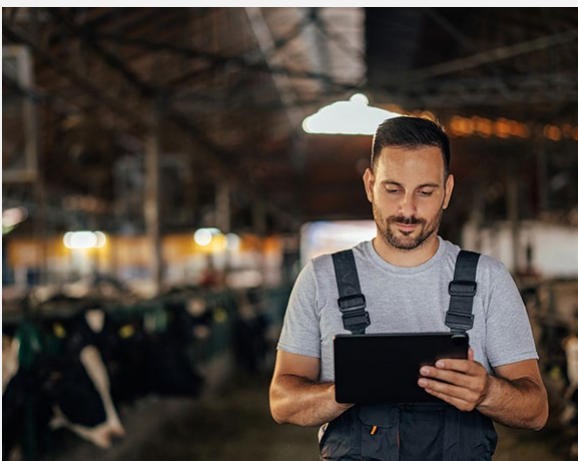

[Learn more »](#)

SUPPORT

Resource guide available

Offset costs with energy efficiency incentives and review account support options.

Business Resources

Be prepared for emergencies

While we work to keep power on every day, an outage can occur at any time. Backup power can be a part of any preparedness plan.
